Re: Notice of Effective Date
All American Metal Finishing Superfund Site, Kent, Washington
Unilateral Administrative Order CERCLA Docket No. 10-2010-0073

Dear Mr. Amlin and Ms. Brown:

Thank you for meeting with my staff regarding the Unilateral Administrative Order CERCLA Docket No. 10-2010-0073 ("Order") that the U.S. Environmental Protection Agency ("EPA") recently issued to you. I understand that the meeting was productive.

Based on your conversation with my staff, and in accordance with Paragraph 54 of the Order, EPA hereby notifies you that the **Effective Date of the Order is January 8, 2010**. In accordance with Paragraph 52 of the Order, you are each required to notify EPA in writing within one (1) day of the Effective Date of your intent to comply with the Order. Given that the date that your notice of intent to comply is due falls on a Saturday, in accordance with Paragraph 6b of the Order, you have until 5:00 pm Pacific Time Monday, January 11, 2010, to submit such notice to EPA.

I understand that, during the meeting with my staff, you requested certain changes be made to the Statement of Work. Enclosed with this letter is an Addendum to the Statement of Work documenting modifications made to the Statement of Work by Diane Dettling, the EPA On-Scene Coordinator assigned to this matter.

Addendum Item #1

To: All Interested Parties

From: Diane Dettling, EPA OSC *Diane Dettling*

Date: January 6, 2010

In accordance with Paragraph 44 of the Unilateral Administrative Order for Removal Response Activities, CERCLA Docket No. 10-2010-0073 ("Order"), I hereby modify the Section 2.1.4 Task 1: Sampling and Analysis Plan of the Statement of Work (Order Appendix B).

The original text will be changed to the modified text set forth below.

Original Text:

"At a minimum, grab samples shall be collected of the waste solutions, solids and sludge and wipe samples shall be collected from all debris or otherwise process-related materials such as tanks, hoses, floor liners or any other materials that may have come into contact with the process chemicals."

Modified Text:

"If necessary, grab samples shall be collected of the waste solutions, solids and sludge and wipe samples shall be collected from all debris or otherwise process-related materials such as tanks, hoses, floor liners or any other materials that may have come into contact with the process chemicals."
